

Are you concerned with your child's development?

Child Find is a community wide effort to help parents who are concerned with their child's development get necessary screening

Child Find is a source to help screen and/or evaluate children 0-5 years who may be demonstrating delays in development.

If you are concerned for your child, DON'T WAIT!

Children aged between 0-2 may be eligible to receive home-based support through early intervention and children 3-5 may be eligible to receive support through the Salida Early Childhood Center.

Home Based Programs

SECC Home Visit Program

- Services are provided prenatally as well as for families with children from birth to three years old.
- Topics include prenatal health, social emotional development, physical and brain development, language, literacy, basic care, play, family culture, and stress management.
- Weekly visits consist of activities and support based on your child's current development and your family's interests.
- Home visits continue until your child is eligible to enter the Center based program, and your family feels ready.
- Apply online at salidaschools.com

SafeCare Program

- Alternative home visitation program with a licensed social worker.
- Allows parents to identify and remove common household safety hazards.
- Teaches parents to increase positive behaviors and prevent difficult ones.
- Assists parents in identifying and responding to common childhood illness and injuries.
- Contact: Alisa Adams 719-221-0052
